

PROTECTING HEARTH...

A good sweep does more than clean your chimney. Jack Pixley Sweeps are qualified to examine your wood-burning unit top to bottom, inside and out. They know the local fire codes and can identify many dangerous conditions if they exist. And they take the time

to do a thorough, professional cleaning. Unlike other sweeps, Jack Pixley Sweeps won't leave your home in a mess. They **will** leave you with the confidence that you and your family can enjoy a pleasant fire in much greater safety.

AND HOME!

Professional Inspection and Cleaning Includes:

- ✓ Inspect Concrete Crown for Lifting, Cracking, Voids or Deterioration
- ✓ Check Brickwork for Deterioration
- ✓ Brush the Flue From Above (Except in Unsafe Situations)
- ✓ Examine Flue Tiles for Cracks or Mortar Loss
- Closed Circuit Video Inspection Available for an Additional Charge
- ✓ Inspect Smoke Shelf for Birds and Animals
- ✓ Clean and Vacuum Smoke Shelf
- ✓ Brush Smoke Chamber From Below
- ✓ Check Damper Condition and Tightness of Fit
- ✓ Brush Firebox
- ✓ Inspect Firebox, Hearth and Hearth Extension
- ✓ Protect the Home Interior Using Dropcloth and Vacuum System

Jack Pixley Sweeps Can Provide Repairs and Additions To Keep Your Home Safe.

They can perform services like brick repair, remortaring, damper installation and repair, animal/bird removal, cap and screen installation, chimney fire repair, and relining of the flue system using UL-listed

lining systems. Jack Pixley Sweeps give free estimates, and charge the same rates wherever you are in the metro area. Jack Pixley Sweeps are certified by the Chimney Safety Institute of America.

Jack Pixley is a member of the National Fire Protection Association and the Lake Country Chapter of the International Conference of Building Officials (ICBO).

Each Year, faulty chimneys cause many preventable deaths. Be on the safe side, call Jack Pixley Sweeps.

Fire Safety is NO Accident
